ABOUT ME

I am a dedicated and ambitious Software and Information Engineering student at Singidunum University with a strong passion for programming, web development, and modern technologies. My academic background has provided me with a solid understanding of software design, data structures, and database systems, while my practical experience includes working with JavaScript, Kotlin, SQL, and Python.

Throughout my studies, I have developed a growing interest in both frontend and backend development, as well as in software quality assurance and testing. I enjoy learning new technologies, improving my problem-solving abilities, and building creative and user-friendly digital solutions.

In addition to my technical knowledge, I bring strong organizational and communication skills, developed through academic teamwork, personal projects, and professional experience in sales. I am always eager to take on new challenges, expand my skill set, and contribute to a team that values innovation, collaboration, and continuous improvement.

WORK EXPERIENCE

 **WATCH IS WATCH D.O.O** – BELGRADE, SERBIA

SALES ASSOCIATE – WATCH STORE – 15/06/2024 – 25/10/2024

- Assisted customers in selecting products and provided excellent customer service.
- Managed sales transactions, inventory, and product displays.
- Developed communication, problem-solving, and teamwork skills in a fast-paced environment.

 **MOND LINE PRO D.O.O** – BELGRADE

EMPLOYEE – 20/06/2025 – 20/07/2025

- Managed cash register operations and processed customer payments accurately.
- Filled and updated advance invoices, ensuring precise record-keeping.
- Assisted with client management and administrative tasks.
- Gained experience in teamwork, professional communication, organization, and attention to detail.

 – BELGRADE, SERBIA

FREELANCE WEB & GRAPHIC DESIGNER – 10/07/2024 – CURRENT

- Designed banners, social media content, and websites for small clients.
- Utilized HTML, CSS, and design tools to create responsive and visually appealing digital solutions.
- Learned project management skills and how to meet client requirements under deadlines.

 – BELGRADE, SERBIA

PODCAST EDITOR & VIDEO CONTENT CREATOR

- Edited audio and video clips for social media platforms like Instagram and TikTok.
- Worked with multiple clients to create engaging content tailored to their needs.
- Improved content engagement by applying creative editing techniques and graphics.

● **PROJECTS**

Mobile Application Development

- Developed an Android mobile application using **Kotlin in Android Studio**.
- Implemented features for tracking payments and online orders.
- Integrated Firebase for data storage and real-time updates.
- Focused on creating a clean, user-friendly interface and ensuring smooth app performance.

IBM Software Modeling Project

- Completed as part of the **IBM Software Basics** and Modeling program.
- Created UML diagrams to represent software structure and workflows.
- Learned software lifecycle stages, requirement analysis, and system design principles.
- Gained hands-on experience with modeling tools and documentation practices.

Client-Side Web Application – University Project

- Developed a modern web application as part of the *Client-Side Web Applications* course.
- Used **React** for building an interactive and responsive user interface.
- Connected the application to a custom **database** for storing and retrieving data dynamically.
- Applied **HTML**, **CSS**, and **JavaScript** principles to ensure a seamless frontend experience.
- Focused on clean code structure, component reusability, and efficient state management.

Freelance Website Development

- Designed and developed websites for small clients using **HTML**, **CSS**, and **JavaScript**.
- Created responsive layouts and interactive features to improve user experience.
- Managed projects end-to-end, from design concept to deployment.

PixelFrame

- Developed a responsive personal portfolio website to promote my web design and development services.
- Showcases previous work, service details, and contact options for potential clients.
- Focused on clean UI design, usability, and performance optimization.
- Implemented modern front-end techniques to ensure compatibility across devices and browsers.
- Technologies Used: **HTML**, **CSS**, **JavaScript**.

● **EDUCATION AND TRAINING**

20/09/2022 – CURRENT Belgrade, Serbia
SOFTWARE AND INFORMATION ENGINEERING Singidunum University

Website <https://tf.singidunum.ac.rs/>

01/09/2018 – 20/06/2022
AIR TRAFFIC SAFETY Aviation Academy

● **LANGUAGE SKILLS**

Mother tongue(s): **SERBIAN**
Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C2	C2	C1	C1	C1

● **CERTIFICATIONS**

IBM, 25/10/2023
Essentials of rational software architect

- Gained foundational knowledge in software development, modeling, and basic programming concepts
- Learned software lifecycle, requirement analysis, and basic system design
- Certificate recognized by IBM for completion of core software and modeling training

Mode of learning: Project based

SoftUni Serbia, 15/07/2024
JavaScript Course

- Learned core JavaScript, HTML, CSS, and practical web development skills

Mode of learning: Online

DigiEdu Hackathon
3rd Place – DigiEdu Hackathon 2025

- Participated in a national hackathon focused on digital innovation in education.
- Developed a **web-based solution for personalized learning**, designed to adapt content to individual users.
- Utilized **PHP, React**, and **SQL** for backend, frontend, and database implementation.
- Applied **UI/UX design** principles to ensure user-friendly interaction and accessibility.
- Awarded **3rd place among 80 participants** for innovation, technical quality, and presentation.

Serbian Amateur Radio Union
Radio Amateur Course

- Acquired knowledge in radio communication, signal handling, and basic electronics
- Developed technical problem-solving and communication skills

Mode of learning: Project based

● **HOBBIES AND INTERESTS**

Sport

- **Basketball**
- **Video Editing and Design**
- **Gaming**
- **Technology and Programming**
- **Travel and Aviation**
